## IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of:

YOUNG-MIN NAM

Serial No.:

To Be Assigned

Examiner:

To Be Assigned

Filed:

16 October 2001

Art Unit:

To Be Assigned

For:

DIGITAL MAGNETIC RECORDING/REPRODUCING DEVICE FOR RECORDING/REPRODUCING PLURAL TYPES OF AUDIO DATA, AND

RECORDING/REPRODUCING METHOD THEREFOR

## TRANSMITTAL OF DECLARATION

The Assistant Commissioner of Patents

Washington, D.C. 20231

Sir:

Accompanying this transmittal is a Declaration for the above-referenced application.

Respectfully submitted,

Robert E. Bushnell Reg. No.: 27,774

Attorney for the Applicant

1522 "K" Street, N.W., Suite 300 Washington, D.C. 20005-1202 (202) 408-9040

Folio: P56413 Date: 10/16/01 I.D.: REB/nb

## **DECLARATION**

Docket No. P56413

AS A BELOW NAMED INVENTOR, I hereby declare that:

My residence, post office address and citizenship are as stated next to my name.

I believe that I am the original, first and sole (if only one name is listed below), or an original, first and joint inventor (if plural names are listed below), of the subject matter which is claimed and for which a patent is sought on the invention entitled:

TITLE: DIGITAL MAGNETIC RECORDING/REPRODUCING DEVICE FOR RECORDING/REPRODUCING PLURAL TYPES OF AUDIO DATA, AND RECORDING/REPRODUCING METHOD THEREFOR

referred to above. I acknowledge the duty to disclose in 37 of the Code of Federal Regulations §1.56. I hereby for patent or inventor's certificate, or §365(a) of any PC any United States provisional application(s), listed belt date before that of the application on which priority is classified to the company of the provisional application on which priority is classified to the company of the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on which priority is classified to the provisional application on the priority is classified to the provisional application on the priority is classified to the provisional application on the priority is classified to the provisional application on the priority is classified to the provisional application on the priority is classified to the priority is classified to the provisional application on the priority is classified to the	erstand the contents of the all aformation which is material claim foreign priority benefic T International application ow and have also identified aimed:	pove-identified specification, including the claim to patentability and to the examination of this ap fits under Title 35, U.S. Code §119(a)-(d) or §30 which designated at least one country other than	oplication in accordance with Title 55(b) of any foreign application(s) the United States, or §119(e) of
